## **VTX Free-standing Curl Bench**

**Item SKU:** G-CB

- Features:**
- 11 gauge tubular steel construction
  - Powder coated silver-gray finish
  - Dense arm & seat padding (1 3/4")
  - Heavy duty bar rack guards w protective coating
  - Adjustable 7 position seat settings w pop-pin
  - Footpads protect floors and prevent sliding
  - Welded tension band pegs (4)

**Product Description:** Sturdy, compact and versatile aptly describes our VTX free-standing curl bench. With a 38 square inch footprint, it's the perfect addition for apartments, hotels, corporate fitness centers and multi-family housing complexes.

The coated bar rack guard protects the finishes of the rack and the bar being used. Heavy-duty, commercial rated upholstery which covers dense foam arm and seat pads wipes clean easily.

While specifically designed for biceps, forearm and wrist development with a free-weight bar, this unit also comes with 4 separate, welded tension band pegs, (illustrated above) that allow a variety of different isotonic and stretching exercises to be performed with resistance bands. (X-BAND)

7-position, pop-pin seat height settings adjust to accommodate most users. Some assembly required. To learn more about the "New" G-CB Curl Bench contact a qualified Troy dealer or click on the "Talk to Troy" popup on our website.
